## United States Indian Service.

Covado River Agency.

June 30<sup>th</sup>, 1888Hon. Commissioner of Indian Affairs,  
Washington, D.C.

Sir: I have the honor to transmit herewith a Schedule representing the population of the Stoney and Chinlehuon Tribes, belonging to this Agency, carefully and accurately enumerated by me and my employees on and prior to the 30<sup>th</sup> day June, 1888.

I also furnish herewith a summary of the Nualapai Indians, which was prepared by Charles A. Drury, Jr., Adj. Genl. I am aided by a Military Officer having no experience in the Nualapai, it was impossible to prepare a Schedule for the tribe fully conforming to Instructions contained in Circular #111.

The Yuma Indians are estimated at Seven Hundred; but for the same reason

assigned in case of the Huatopais  
I failed to obtain their immigration.

Yours very respectfully,

Yours Obedt. Servant

Hon. Commissioner of Indian Affairs  
Washington D.C.

Sir,

I have the honor to transmit  
herewith, Annual Census of the  
Indians occupying the Colorado  
River Reservation, Arizona, for the  
year ending June 30<sup>th</sup> 1886.

Respectfully Yours

INDIAN OFFICE.

Inches No.

1886

Annual Census of the Indians  
Occupying the Colorado River  
Reservation. Arizona and Other. for  
the year ending June 30<sup>th</sup> 1886.

Charles F. Ackley

U. S. Ind. Agent

There are at the present time two camps of  
Chinichavis on the reserve, numbering twenty  
Indians. I estimate the number of Tribe to be 200.  
About 100 of which are located at Chinichavos Valley.  
The balance are scattered over the Territory and  
California working in mines and Mills, owing to  
limited knowledge my Interpreter had of their  
language I am unable to furnish further data.

The Nualapai were counted last year by  
Charles A. Murray, Adm. Survey. Number reported  
by him 732. My judgment is there has been  
more deaths than births. I therefore estimate  
their number at 715. These Indians are  
located about 175 miles from this Agency.

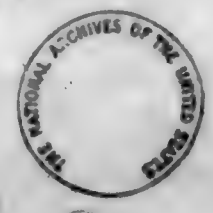

Respectfully Submitted  
Charles A. Ashley  
U.S. Indian Agent

It has been reported to me by the Blacksmith and Indians, that there has been a great many deaths among the Chinchorro Indians located in the Chinchorro Valley about 40 miles north of this Reservation. It is almost impossible to get a correct census of these Indians, because of their continuous moving around. I estimate there

at one hundred <sup>and</sup> fifty (150) in all 17 located on  
this Reservation <sup>Acres</sup> 133 in the Chinukwun  
Valley and surrounding country.

July 27<sup>th</sup> 1889

Hon. Commissioner of Indian Affairs  
Washington D. C.

Sir,

I have the honor to submit herewith Census of the Mohave Indians occupying the Colorado River Reservation a total of 777. Of this number 70 are now at Needles Cal. when they have gone in quest of work. But none are included in this Census, who do not pretend to make the Reservation their home. The inducements caused by the different industries at and around the Needles, has caused the number of Indians by that vicinity to largely exceed those on the Reservation. And from the best information I could obtain from this Sub. Chief (Capt. Jones) and others who seemed to have a knowledge

2  
A  
of the facts, I estimate the number  
in the vicinity of the Needles to be  
1230 ~~or~~ less of the 70 who claim the  
Reservation as their home. But it  
is impossible for me to secure an  
accurate Census of these Indians as  
well as the Chinuchas occupying  
the Chinucha Valley & near about  
the Agency, the number of which  
I have estimated to be 175 making  
a total of 2182 Indians under my  
superintendence.

Respectfully

From the best information I could obtain  
 I estimate the number of Indians occupying  
 the Chiricahua Valley, situated about fifty  
 miles above the Agency to be 175

But it has been impossible for me to  
 obtain an accurate Census of them

Respectfully Submitted

I am submitting herewith to the Commissioner a  
 correct Census of the Mohave Indians of the  
 Colorado River Agency and the Chinle Indians  
 located in Chinle Murrva Valley 50 miles  
 north of the Agency. but from the best  
 information I could obtain I estimate  
 the Mohaves at Needles <sup>Ariz</sup> at 1000 and  
 the Chinle at two hundred (200)

Respectfully forwarded to the  
 Hon. Commissioner of Indian Affairs  
 George W. Allen  
 U. S. Indian Agent

Explaining discrepancy

DEPARTMENT OF THE INTERIOR,  
UNITED STATES INDIAN SERVICE,

COLORADO RIVER AGENCY,

Parker, Ariz., Sept 6, 1900.

Hon. Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

In submitting the annual census for the Colorado River Reservation, I desire to say that the new National census and not the old reservation census was used as a basis.

While the Indian Office census shows the names of more than 100 more Indians than does the National census, taken under my supervision, the discrepancy is perfectly legitimate. In taking the National census only such Indians were enrolled as were actually found on the reservation on June 1st.

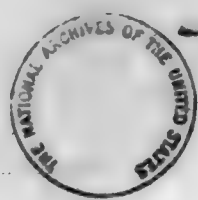

The Indian Office census herewith contains the names of sixteen pupils in non-reservation schools and also of Indians off the reservation working in mines, carrying mails, &c., with the permission of the agent, and who have returned to the agency or will return during the year and who count the reservation their home. About sixty more names might have been included, but their permanent residence on the reservation is not so clearly established, they having been away the

greater part of the year.

With only a few exceptions, the present census begins at the north end of the reservation and takes the families in order to the south end, while heretofore the more prominent Indians were named first.

Very respectfully,

*Charles S. McNichols*

U. S. Indian Agent.
